6. The need to search for, collect, and appropriately examine records during a state of emergency proclaimed by the Governor pursuant to the California Emergency Services Act in the jurisdiction where the district is located when the state of emergency currently and directly affects, due to the state of emergency, the district's ability to timely respond to staffing shortages or closure of facilities where the requested records are located (Government Code 8567)

The Superintendent or designee may impose any reasonable limit on the use of personal equipment to photograph, copy, or reproduce a disclosable record that is necessary to protect the safety of the records, or to prevent the copying of records from being an unreasonable burden to the orderly function of the district and its employees.

Additionally, the Superintendent or designee may impose any limit that is necessary to maintain the integrity of, or

ensure the long-term preservation of, historic or high-value records. (Government Code 7922.530)

In addition to maintaining public records for public inspection during district office hours, the district may comply with public records requests by posting any public record on the district's website and, in response to a public records request, directing the member of the public to the location on the website where the record can be found. However, if the member of the public is unable to access or reproduce the record from the website, the district shall promptly provide an exact copy of the public record upon payment of duplication fees, if applicable, unless it is impracticable to provide an exact copy. (Government Code 7922.545)

If any person requests that a public record be provided in an electronic format, the district shall make that record available in any electronic format in which it holds the information. The district shall provide a copy of the electronic record in the format requested as long as the requested format is one that has been used by the district to create copies for its own use or for use by other agencies. 1. The electronic record is one that is produced only at otherwise regularly scheduled intervals
2. The request would require data compilation, extraction, or programming to produce the record

To the extent reasonable under the circumstances, the Superintendent or designee shall do all of the following: (Government Code 7922.600)

1. Assist in identifying records and information responsive to the request or the purpose of the request, if specified

If, after making a reasonable effort to elicit additional clarifying information from the requester to help identify the record, the Superintendent or designee is still unable to identify the information, this requirement shall be deemed satisfied.

2. Describe the information technology and physical location in which the records exist
3. Provide suggestions for overcoming any practical basis for denying access to the records or information sought

Provisions of the CPRA shall not be construed so as to delay or obstruct the inspection or copying of public records. Any notification denying a request for public records shall state the name and title of each person responsible for the denial. (Government Code 7922.500, 7922.540)

The written consent shall specify the records to be released and the party or parties to whom they may be released. (Education Code 49061, 49075)

Only a parent/guardian having legal custody of the student may consent to the release of records to others. Either parent/guardian may grant consent if both parents/guardians notify the district, in writing, that such an agreement has been made. (Education Code 49061)

### **Discretionary Access**

At the discretion of the Superintendent or designee, information may be released from a student's records to the following:

When releasing information to any such appropriate person, the Superintendent or designee shall record information about the threat to the health or safety of the student or any other person that formed the basis for the disclosure and the person(s) to whom the disclosure was made. (Education Code 49076; 34 CFR 99.32)

Unless it would further endanger the health or safety of the student or other persons, the Superintendent or designee shall inform the parent/guardian or adult student within one week of the disclosure that the disclosure was made, of the articulable and significant threat to the health or safety of the student or other individuals that formed the basis for the disclosure, and of the parties to whom the disclosure was made.

7. Agencies or organizations in connection with the student's application for or receipt of financial aid, provided that information permitting the personal identification of a student or the student's parents/guardians for these purposes is disclosed only as may be necessary to determine the eligibility of the student for financial aid, determine the amount of financial aid, determine the conditions which will be imposed regarding the financial aid, or enforce the terms or conditions of the financial aid (Education Code 49076; 34 CFR 99.31)

Additionally, the notification shall inform parents/guardians of their right to refuse to let the district designate any or all types of information about their student as directory information, how to refuse release of directory information about their student, and the period of time within which a parent/guardian must notify the district in writing that the parent/guardian does not want a certain category of information about their student designated as directory information. ## Exhibit 5125.1-E(1): Release Of Directory Information

### PARENT/GUARDIAN NOTICE RELEASE OF DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that Knights Ferry Elementary School District (district name), with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the district may disclose appropriately designated "directory information" without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the district to include information from your child's education records in certain school and/or district publications. Examples include:

- a playbill, showing your child's role in a drama production
- the annual yearbook
- honor roll or other recognition lists
- graduation programs
- sports activity sheets, such as for wrestling, showing weight and height of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent/guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. Additionally, two federal laws require districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA), as amended, to provide military recruiters, upon request, with students' names, addresses, and telephone listings, unless parents/guardians have advised the district that they do not want their child's information disclosed without their prior written consent.

If you do not want the district to disclose any or all of the information designated below as directory information from your child's education records without your prior written consent, you must notify the district in writing by August 1 each year. Notifying the district by this date is the only way to prevent the release of directory information. The district has designated the following information as directory information:

1. Student's name
2. Address
3. Telephone number
4. Email address
5. Date of birth
6. Major field of study
7. Participation in officially recognized activities and sports
8. Weight and height of athletic team members
9. Dates of attendance
10. Degrees and awards received
11. Most recent previous school attended

Additionally, the district may disclose your child's student identification number, user identification, or other unique personal identifier used to communicate in electronic systems, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user.

In addition, the district may disclose a student identification number or other unique personal identifier that is displayed on a student identification badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

The district may not disclose a student's Social Security number. Directory information does not include your child's citizenship status, immigration status, place of birth, or any other information indicating national origin.
